How it's usedPitch markings determine the position of the stumps, the length of the pitch (depending on the amount of ground management, worn lines are remarked between a game's innings and at the start of each day. Effects of incorrect procedure Incorrect marking affects the pitch length which in turn affects the illegality of a ball being delivered, the length of a good ball and if the pitch sizes marked on the frame. This is good for marking many pitches in the day. Others use a straightedge, string lines and a 25mm brush. Practical TipsWhen marking a dusty, dry pitch, dampen the lines using an old washing up liquid bottle. This helps the marking material stick to the soil.
